Adani Foundation

Nurturing the Dreams of a New India
People’s aspirations have far-reaching consequences at societal and national level. At the Adani Foundation, we aim to play the role of a catalyst in enabling them to achieve their dreams. We believe that empowering the nation means empowering its people. Hence, we have initiated a movement from the grass-roots level to develop the potential of billions. Through our efforts towards nation building, all our actions are aimed towards Nurturing the Dreams of a New India.
Established in 1996 by the Adani Group as its CSR wing, the Adani Foundation has become a strong proponent championing the cause of the deprived and underprivileged. It has been working relentlessly across 13 states, covering 20 locations and 1,470 villages, to uplift the lives of more than 5,00,000 families. Its ideals are clearly reflected in its actions in four key areas – education, community health, sustainable livelihood development and rural infrastructure development and special projects like Sewachagraha, Saksham, SuPoshan and Udaan.
The Adani group is synonymous with ambition, aspirations and the relentless pursuit of excellence. We operate on the paradigm that a business only succeeds when it exists in a society that is empowered and self-reliant. An enlightened and healthy society is the prerequisite to a great nation.

The Adani Foundation, spread across 13 states and comprising of a team of more than 300 people, is working tirelessly to address the grass-roots problems of the society. Our efforts are to foster happy and prosperous communities. It is our constant endeavour to make available quality education, robust infrastructure, healthcare services and sustainable livelihood options in the areas and communities that we work with. We believe that we have a responsibility towards our society and our nation that transcends beyond mandatory compliances of the company’s act or other obligations. It is one of creating an environment of equal access to growth and opportunities.

Through its initiatives Adani foundation strives and attempts to provide a life of dignity to those who have been deprived of their rights and pushed to the boundaries and peripheries. This section of our society is a whirlpool of talent and potential, and we work towards providing them with an enabling environment to empower them become self-reliant. They then become the force that contributes positively to the society and takes the nation on the path of development.

I take this opportunity to express my deepest gratitude to all our partners who have helped us in our journey towards achieving our vision of a just society and an invincible nation. It is with your support that we will keep empowering future generations to nurture the dreams of a new India.

Dr. Priti G. Adani
Chairperson
Adani Foundation

Vision
To accomplish passionate commitment to social obligations towards communities, fostering sustainable and integrated development, thus improving quality of life.

Mission
To play the role of a facilitator for the benefit of people without distinction of caste or community, sect or religion, class or creed – in the field of education, community health and promotion of social and economic welfare and upliftment of people in general.

Approach
• To synchronise its scope and activities with the projects and goals of Adani Group
• To adopt a pro-people, bottom-up, participatory approach in rendering its services
• To formulate work plan and activities which are indigenous in nature and complement the efforts of existing services delivered by the government, thereby avoiding duplication
• To make projects, programmes and initiatives process driven, transparent and replicable in order to implement the same in all of our operational locations to maximise public benefits.
**Highlights**

**Education**
- **ADANI VIDYA MANDIRS** situated in Ahmedabad, Bhadreshwar and Surguja imparting free of cost quality education to more than 1,900 STUDENTS.
- **ADANI PUBLIC SCHOOL, ADANI VIDYALAYAS, ADANI DAV PUBLIC SCHOOL & NAVCHETAN VIDYALAYA** situated in Gujarat, Rajasthan, Maharashtra and Odisha providing subsidised quality education to more than 2,400 STUDENTS.
- Empowering more than 300 GOVERNMENT SCHOOLS and BALWADIS nurturing more than 1,00,000 CHILDREN.

**Health**
- **15 MHCUs** attending to more than 3,00,000 patients annually.
- **12 RURAL CLINICS** treating more than 6,000 PATIENTS each month.
- Various MEDICAL HEALTH CAMPS providing diagnostic and treatment facilities to more than 20,000 PATIENTS annually.
- **SENIOR CITIZEN HEALTH CARDS** provided to more than 7,500 ELDERLY PEOPLE.
- Treatment provided to over 40,000 PEOPLE annually.

**Livelihood**
- Around 2,500 FISHERMEN supported with various fishing equipment.
- **37,000 MAN-DAYS** worth of employment to fisherfolk communities provided during non-fishing months.
- **150 FISHERFOLK** families engaged in mangrove afforestation covering an area of 2,823 ha.
- More than 2,700 FARMERS introduced to SRI technique of cultivation, covering approx. 4,500 ACRES OF LAND.

**Infrastructure Development**
- **21 CHECK DAMS BUILT** and 223 PONDS DEEPENED, increasing water storage capacity to 8,88,969 cu. m.
- **8 SCHOOLS** constructed and numerous government schools’ infrastructure upgraded.
- More than 160 AAVAS constructed & repaired for BPL families.
- More than 350 HOUSING SHELTERS constructed & refurbished for fisherfolk community.
- Around 330 POTABLE WATER facilities made available to villagers.
Creating a Foundation to Nurture the Dreams of Young India

In our rapidly developing economy, education has emerged as the most powerful tool that can utilise the immense potential of billions to fuel the growth of our nation. Education is the foremost and strongest factor influencing change and improvement. Hence, we, at Adani Foundation, have chosen to focus our efforts on providing quality education to meritorious children irrespective of their social or economic backgrounds. All our education endeavours are aimed towards nurturing children by providing them with quality education and an enabling environment for their holistic development.
Education

Adani Vidyalayas offer subsidised quality education to children from the surrounding communities of Tirora in Maharashtra and Kawai in Rajasthan. The schools are focused on quality teaching and learning and also regularly conduct a number of curricular and co-curricular activities along with various exhibitions for the overall development of the students.

Adani Public School at Mundra, Gujarat, offers excellent subsidised education to students of the nearby areas. It is an English medium, CBSE affiliated, co-educational school that offers science and commerce streams. It also lays special emphasis on regular coaching by expert faculty to students aspiring to appear in competitive examinations. It has a well-balanced combination of curricular and extra-curricular activities to ensure the holistic development of the students.

Adani Vidya Mandirs provide completely free high-quality education, along with free transportation, uniforms, books and nutritious food to all the students who come from economically weaker sections of the society. These schools have state-of-the-art infrastructure and facilities and are currently operating in Ahmedabad and Bhadreshwar in Gujarat and Surguja in Chhattisgarh.

1,900 students provided with cost-free quality education in Ahmedabad, Bhadreshwar and Surguja

2,400 students provided with subsidised education in Tirora, Kawai, Mundra, Dhamra and Hazira

Adani Vidyalayas

Adani Public School
Adani DAV Public School

Adani DAV Public School provides subsidised quality education to students from the nearby communities of Bhadrak District of Odisha. The school’s G+2 building has a built-up area of 3,501 m² spread across a campus of more than 5 acres. It is equipped with 16 modern classrooms, two libraries, science and computer labs, an audiovisual room as well as facilities to promote sports and creative activities. This international standard school is run by the Adani Foundation in collaboration with the DAV College Trust.

Navchetan Vidyalaya

The aim of the Navchetan Vidyalaya situated at Junagam in Hazira, Gujarat, is to provide subsidised high-quality education to the children from nearby rural areas. To promote education amongst the regional populace, the school provides free food and academic material support such as uniforms, notebooks, workbooks, textbooks and stationary to the students. The school is well-equipped with smart classrooms and houses all facilities required for holistic development of its students.

Other Activities under Education Initiatives

The Adani Foundation, in collaboration with the renowned and illustrious Kalinga Institute of Social Sciences, is setting up a branch of the institute with state-of-the-art infrastructural facilities for the benefit of tribal children in the tribal populated Mayurbhanj district of Odisha. This will be the largest tribal institute of its kind providing KG to PG education, along with free food and residential facilities, to more than 25,000 tribal children of Odisha and its neighbouring states.

In association with respective state governments, we provide infrastructure support such as infrastructure upgradation, furniture and sound systems to the government schools as well as educational & sports material, school bags and books to the students. It also aids Aanganwadis and Balwaadis by creating a fun-filled environment for the children. It has played a significant role in nurturing around 1,00,000 children of Gujarat, Maharashtra, Rajasthan, Odisha, Jharkhand, Karnataka and Kerala.
Better Healthcare Facilities to Realise the Dreams of a Healthy India

We firmly believe that improving the health of its citizens can directly result in economic growth of the nation. Healthy people can utilise growth opportunities made available to them in a better way. Lack of basic healthcare facilities has a detrimental impact on the health and well-being of the people. We, at the Adani Foundation, have committed ourselves to raising the standards of and strengthening healthcare systems in and around our operational locations in India. Through our efforts in community healthcare, we aim to help people realise their dreams of leading a healthy and progressive life.
The MHCUs are deployed by Adani Foundation nationally with the objective to provide basic healthcare facilities to the remotest rural areas. These facilities include diagnostics, medicines, free of cost consultation and referrals by certified doctors at the doorstep of community members. As a result, these patients save money on consultation fees, medicines and travel costs reducing the possibility of losing livelihood due to lengthy treatments. These MHCUs are operational in Mundra and Dahiya in Gujarat, Tirora in Maharashtra, Kaisal in Rajasthan, Surguja in Chhattisgarh, Dhenin in Odisha, Udupi in Karnataka, Godda in Jharkhand and Shimla in Himachal Pradesh.

Situated in the centre of Bhuj, GAIMS – GKG Hospital is the biggest hospital in the largest district of India. This 750 bedded hospital has state-of-the-art infrastructure and medical facilities to offer free of cost healthcare to the poor people in the region.

GAIMS is the first medical college, based on the Public-Private Partnership model, in the medical education sector. Spread across a sprawling area of 27 acres, it offers MBBS and PG courses in almost all clinical branches. It has a strength of 900 students and interns.

An average of 1,500 patients attended to and 40 surgeries conducted every day.

Gujarat Adani Institute of Medical Sciences (GAIMS)

Mobile Health Care Units (MHCUs) and Rural Health Clinics

15 MHCUs providing healthcare to a total of 3,00,000 people

12 Rural Health Clinics treating 21,000 patients annually
Adani Foundation regularly conducts various general and specialised medical camps in and around its operational locations for the benefit of local communities. At these camps, services of gynaecologists, orthopaedic surgeons, heart specialists, skin specialists, paediatricians, Eye & ENT surgeons are provided to the community members at no cost. Free of cost follow-up services are also made available and necessary discounts are negotiated in cases requiring surgery. These camps are conducted in Mundra, Dahej and Hazira in Gujarat, Godda in Jharkhand, Kawai in Rajasthan, Dhamra in Odisha, Udupi in Karnataka and Shimla in Himachal Pradesh.

The ‘Vadil Swasthya Yojana’ is a scheme under which health cards are provided to senior citizens from socio-economically marginalised sections. The main objective of this scheme is to make timely healthcare services available according to needs of these senior citizens. Under this scheme, senior citizens with family income of less than Rs. 2,00,000 per annum are provided with green cards through which they can avail free healthcare services amounting to Rs. 50,000 for a period of three years. Senior citizens with family income of more than Rs. 2,00,000 per annum are given blue cards, which allow them to avail healthcare services at the Adani Hospitals at highly subsidised rates. This scheme is currently offered in Mundra, Gujarat.

The Foundation also provides medical insurance to the families of up to seven members, through the Adani Aarogya Card scheme in Udupi, Karnataka. Under this scheme, the families are given medical insurance coverage of Rs. 50,000.

**Health Cards to Senior Citizens and Medical Insurance**

7,500 Senior Citizen Health Cards provided to elderly
2,070 families provided with medical insurance

**Medical Camps**

19,000 people take advantage of various medical camps conducted annually
4,00,000 people treated every year through various healthcare initiatives
Livelihood

Empowering the Community to Accomplish Self-Reliant India

Empowering people through sustainable livelihoods helps them to transform their lives and contribute to the growth of the nation. Due to lack of adequate skills and livelihood opportunity, many people still live in deplorable conditions. Helping people become self-reliant and earn sufficient incomes is the only way to counter poverty and unemployment. Hence, through its initiatives, the Adani Foundation aims to achieve holistic growth and development of the marginalised sections of the society by providing necessary skill development training. We firmly believe that self-reliant and financially empowered people will ultimately nurture the dreams of a new India.
Adani Foundation initiated training programmes at Go Vigyan Anusandhan Kendra, a cow-based livelihood programme, a fly ash utilisation programme and the formation of Farmers’ Producer’s Company at Tirora in Maharashtra, Surguja in Chhattisgarh and Dhamra in Odisha.

With the objective of promoting organic farming using the System of Rice Intensification (SRI) method, Adani Foundation, in cooperation with respective Block Agriculture Departments, regularly conducts various training programmes for the farmers. They have been introduced to various innovative and cost-saving practices in farm cultivation, techniques of low water usage & labour-intensive organic method of reaping the crop. This project has been successfully implemented by farmers of Tirora in Maharashtra, Surguja in Chhattisgarh and Dhamra in Odisha.

Adani Foundation initiated training programmes at Go Vigyan Anusandhan Kendra, a cow-based livelihood programme, a fly ash utilisation programme and the formation of Farmers’ Producer’s Company at Tirora, Maharashtra. It has also provided support for construction of biogas plants for households, promotion of farmers’ produce of date fruits through various market linkages, fodder for the livestock and held an agriculture development programme in collaboration with Krishi Vikas Kendra in Mundra, Gujarat. Other efforts undertaken by the Foundation to support farmers include animal health and vaccination camps in Dhenra and Godda, Jharkhand, as well as a cattle breed improvement programme in Kewe, Bihar.

Support to Farmers

With the objective of promoting organic farming using the System of Rice Intensification (SRI) method, Adani Foundation, in cooperation with respective Block Agriculture Departments, regularly conducts various training programmes for the farmers. They have been introduced to various innovative and cost-saving practices in farm cultivation, techniques of low water usage & labour-intensive organic method of reaping the crop. This project has been successfully implemented by farmers of Tirora in Maharashtra, Surguja in Chhattisgarh and Dhamra in Odisha.

Adani Foundation has taken up some important projects to encourage women in becoming self-reliant. Its projects include training in sewing and garment making, soft toy making, lac bangle making etc. for women in Tirora, Kawai, Dhamra, and Surguja and training in LMV driving for women of Surguja. The Foundation helps women in earning income through the formation of Self Help Groups (SHGs). The members are trained in making saleable products and managing finances and administration, etc. They are provided with a platform to display and sell their work through various exhibitions and market linkages. Saheli Mahila Gruh Udhyog, in Mundra, provides training in preparing various kinds of soaps and disinfectants. SHG members provide nutritious food to Aanganwadis in Hazira; women producers’ co-operative trained in making handicrafts, bari as well as mushroom cultivation, etc. in Surguja; trained in business strategies and management which inspired them to run their own canteen business in Vizhinjam.

The Adani Foundation works closely with the fisherfolk community to introduce alternative livelihoods and income generation opportunities for their socio-economic development. It has implemented the Rijake Lipanit ‘Yojana’ in Mundra, Gujarat, which provides employment to fisherfolk families in a mangrove afforestation programme. It has also introduced polyculture and cage culture techniques to fisherfolk adding to diversify their occupation. The Foundation has also provided equipment support like fishing-nets, anchors, drying platforms and solar dryers to the fishermen from various places including Mundra, Hazira and Dahej in Gujarat.

Initiatives to Uplift the Fisherfolk Community

Projects to Empower Women

More than 1,700 women trained for livelihood enhancement

More than 2,500 women and girls empowered by awareness programmes

37,000 man-days worth of employment provided during non-fishing months

150 fisherfolk families engaged in mangrove afforestation covering an area of 2,203 ha

The Foundation has also provided equipment support like fishing-nets, anchors, drying platforms and solar dryers to the fishermen from various places including Mundra, Hazira and Dahej in Gujarat.
Quality rural infrastructure bears a direct influence on the development of the rural population. Lack of it may push the rural populace towards poverty and deprivation. To achieve redistributive growth in India, gaps in rural infrastructure need to be addressed. At Adani Foundation, we have committed ourselves to building sustainable rural infrastructure to overcome developmental challenges at the rural as well as national level. We are committed to making a long-term investment in rural infrastructure development as it will connect its dream with the progress of the nation.
Under the umbrella of water conservation activities in the states of Gujarat, Maharashtra, Rajasthan and Chhattisgarh, the Foundation has constructed various check dams, farm ponds and earthen bunds across rivers. It has undertaken the work of pond and stream deepening as well as desalting of existing ponds.

The Foundation has been instrumental in constructing state-of-the-art school buildings for all the eight schools run by Adani Foundation. The recently constructed buildings of Adani DAV Public school at Dhamra, Odisha, Adani Vibhaji Mandir and a vocational training centre at Surajgad, Chhattisgarh, bears testimony to the quality conscious approach towards infrastructure development that the Foundation believes in. The Foundation also undertakes construction and repair work for improving the infrastructure of various government schools to create a conducive learning environment for the students. Education infrastructure work undertaken by the Foundation includes construction of additional classrooms, toilets, science labs, dust-free areas with paver blocks, raising the height of walls for the safety of the students and regular renovation and maintenance of buildings of all Adani run schools.

The Foundation has also been instrumental in developing a lake in Kawai, Rajasthan and carried out excavation, stone pitching and ghat construction. It has also created recharge pits near wells and hand pumps to ensure adequate water availability for the communities in and around Godda, Jharkhand.

The Foundation has also been instrumental in developing a lake in Kawai, Rajasthan and carried out excavation, stone pitching and ghat construction. It has also created recharge pits near wells and hand pumps to ensure adequate water availability for the communities in and around Godda, Jharkhand.

The Foundation has also been instrumental in developing a lake in Kawai, Rajasthan and carried out excavation, stone pitching and ghat construction. It has also created recharge pits near wells and hand pumps to ensure adequate water availability for the communities in and around Godda, Jharkhand.
In a bid to make potable water available, Adani Foundation has installed various community RO plants and water ATMs and handed them over to the community members or local panchayats to operate. It has also constructed underwater tanks, pitched ponds, dug bore wells and tube wells and installed hand pumps to meet safe drinking water needs of the communities. The Foundation has also undertaken various community welfare projects like construction of healthcare centres, community halls, individual/community toilet block facilities, approach roads, platforms for drying fish, cowsheds, minor bridges, market platforms, bus-stands and renovated temples. It has also provided solar lighting facilities, solar pumps for irrigation and electrification in the villages. These activities have benefited the people of Mundra, Hazira and Dahej in Gujarat, Kawai in Rajasthan, Godda in Jharkhand, Surguja in Chhattisgarh, Dhamra in Odisha, Tirora in Maharashtra, Udupi in Karnataka and Vizhinjam in Kerala.

361 Aavas constructed and repaired
365 housing shelters constructed and refurbished
335 potable water facilities in Mundra, Tirora, Kawai, Surguja, Godda, Udupi and Godda
Holistic Development to Nurture a New India

The true nature of Adani Foundation’s deep commitment to the welfare of the community is glimpsed in the special projects it undertakes. These projects address issues of the society that are vital for the development of the nation but may not be covered under the four core areas of the Foundation. Through these special projects that harmonise with the efforts of the government, the foundation partakes in launching, operationalising, impacting and promoting the issues of national interests. Leaving no stone unturned when it comes to empowering the people of the nation, these projects by the Foundation are aimed towards achieving the Dreams of Nurturing a New India.
Inspired by the Satyagraha movement, the Swachhagraha project is dedicated towards creating a culture of cleanliness by bringing about a behavioural change and promoting anti-littering attitude among the masses. Each month this movement spreads the message of cleanliness to more than 70,000 people. Swachhagraha activity books for school projects have been published and made available in 11 Indian languages, for this programme.

After successfully carrying out the programme in 650 schools of Gujarat in 2017, Swachhagraha has now been implemented in 44 cities across 17 states. After successful implementation in schools, the programme has now been extended to colleges to include the youth of the nation in this noble initiative. The project has gained momentum with over 50,000 active followers on Facebook and an online user engagement of 15,00,000.

SuPoshan has been implemented to fight malnutrition and anaemia, a common issue amongst children, adolescent girls and women of our country. To achieve this objective, more than 30,000 children, 25,000 adolescent girls and 68,000 women of reproductive age are screened annually. Out of 3,450 children diagnosed with acute malnourishment, 2,500 have been cured while the rest are on the path of recovery. Under this project, more than 1,40,000 women have been trained in anaemia prevention and cure while 20,000 families are regularly counselled by SuPoshan Sanginis to bring about a behavioural change in their food intake and dietary habits.

SuPoshan Sanginis spreading awareness in 509 villages across 14 sites, reaching out to a total of 501 Aanganwadis and 90,565 households.
Under project Saksham, an initiative of the Adani Skill Development Centre (ASDC), the foundation conducts skill-based training programmes for the youth of India, thereby increasing their skill sets and employability. ASDC operates 9 fully-owned centres across Gujarat, Maharashtra, Chhattisgarh, Rajasthan and Jharkhand as well as 16 centres in Madhya Pradesh, Kerala and Odisha in infra-partnership mode. ASDC is the first skill imparting institute in the country to offer courses like Simulator-based Crane Operation, 3D printing and Welding through Augmented Reality. Up till now, more than 3,800 candidates have been trained with a placement ratio of over 70%.

Operations. It gives these students an opportunity to broaden their horizon in terms of career possibilities and opportunities that lie ahead. Udaan visits are completely free for all government schools and colleges and are conducted round the year.

The aim of the Udaan project is to inspire young minds to dream big. Under this project, numerous school and college students are given an opportunity to visit the Adani Group’s business establishments in Mundra, Kawai, Tirora, Dhamra, Hazira and Udupi and gain an insight about its operations. More than 2,50,000 students from 3,000 institutes have participated.
Coveted Golden Peacock Award 2016 for CSR conferred upon APSEZ

The coveted ‘Golden Peacock Award for Corporate Social Responsibility’, for the year 2016-17, has been bestowed upon Adani Ports and Special Economic Zone Limited (APSEZ). Captain Unmesh Abhyankar, Joint President, APSEZ, received the award on behalf of the company at the Golden Peacock Awards Nite, in the presence of a distinguished gathering of business leaders. This special evening was organised in Bengaluru, during the 11th International Conference on Corporate Social Responsibility held on January 20 & 21, 2017.

CII–ITC Sustainability Award 2017

Adani Ports and Special Economic Zone Limited received the prestigious ‘CII–ITC Sustainability Award 2017’. The commendation award was presented by Shri C.K. Mishra, Secretary Ministry of Environment, Forest and Climate Change. On behalf of APSEZ, the award was received by Captain Unmesh Abhyankar, Joint President, APSEZ, and Mrs. Pankti Shah, Unit CSR Head, Adani Foundation, Mundra. The commendation was conferred in the ‘Excellence in Sustainable Business’ category on December 12, 2017, at New Delhi.

HelpAge India acknowledged Adani Foundation’s invaluable support and care towards the communities and disadvantaged elderly. The Foundation commenced its partnership with HelpAge India in 2013 by supporting three Mobile Health Care Units at Tirora (Maharashtra), Kawai (Rajasthan) and Dahej (Gujarat). It has now extended to five new units at Tirora (Maharashtra), Godda (Jharkhand), Dhamra (Odisha) and Vizhinjam (Kerala). With the active support of the Adani Foundation, these MHCUs have been able to provide 3,52,465 treatments to around 48,669 patients till date.
